SERVICES

ABOUT ARIARUSTIC

AriaRustic was created by a board-certified music therapist to offer multiple services related to music therapy: clinical music therapy services, in-service presentations and wellness education, holistic health services, creative and performing arts presentations, music pedagogy and private instruction. Greenville, South Carolina has a robust business climate with multiple school, hospital and international business expansions underway. There is a growing demand in this area for alternative therapies, a variety of performances and music pedagogy.

Justine Dunnavant, MT-BC is certified through the Certification Board for Music Therapists (CBMT), and is a professional member of the American Music Therapy Association (AMTA). These credentials ensure quality services and adherence to AMTA's Standards of Clinical Practice

Seminars and Presentations:

AriaRustic is committed to bringing awareness of music therapy to the community through customized seminars for professional organizations, and social groups about music therapy and the use of music in relaxation, health, growth and development.

Clinical Music Therapy:

AriaRustic offers contract options to facilities to introduce music therapy as an integrative element of team treatment programs.

Private Music Therapy :

Private services are available for children and adults with special needs, and individuals seeking help with emotional difficulties, personal issues, life transitions and stress management.

Specialized Education:

Music Therapy in special education supports the goals of the Individualized Education Plan and facilitates growth, learning and socialization in a highly motivating and fun way for children.

Music Pedagogy:

Private music lessons and facilitation of group lessons are offered through AriaRustic. We provide pedagogy in music theory, rhythm in drumming, classical vocal technique, beginning guitar, and beginning to intermediate brass techniques.

Music Performance:

Refer to our website to view the schedule of appearances in the community or to request a performance for your next special event.

WHAT IS MUSIC THERAPY?

Music Therapy is an established and accredited health care profession.

Board-Certified Music Therapists offer services that address clinical, behavioral, cognitive, physical, psychosocial, and emotional domains of need.

Music Therapy is beneficial for a wide range of people. In this specialized profession, music is the tool utilized to assess and treat therapeutic objectives.
